LITTLE ORAL ANNIE STRIKES AGAIN

Annie was mad! Her hottest fuck film was being screened for a small, private audience . . . and the damned movie projector broke down. She stormed into the projection room, intending to give the guy a piece of her mind, but one look at the handsome young projectionist and she instantly decided a piece of her body would be much more fun!

"You always get a hard-on when you watch these films?" Annie asked the guy, pointing down to the bulge in his pants.

"Just when you're in 'em," the guy shot back with a wink. He was looking her up and down, then focusing on her huge, jiggling bosom.

Annie felt warm and wiggly all over, as she unbuttoned the projectionist's shirt, practically tore it off, then unzipped his pants and dropped them to his ankles. The dude stood there naked for her inspection, his stiff prong standing away from his sweat-moistened patch of pubic hair at a ninety degree angle. The blonde had goose bumps all over her flesh as she stared at his rod, then dropped to her knees and wolfed it into her open mouth.

She wolfed down his cock!

The camera zooms in closer and closer, till the actor's cock and Little Oral Annie's famous mouth fill the screen! Saliva just drips from her tongue and his cock-head.

"O-h-h-h-h-h," the guy moaned, eyes glazed and jaw slack as he watched her slide her lips up and back on the shaft of his throbbing prick.

Annie's hands were busy, first feeling up the guy's

muscular thighs, around to his hard ass, then darting to the front of her blouse. She unbuttoned it to lower her bra and let the dude get a good look at what he obviously liked so much Little Oral Annie's magnificent tits rolled free, swaying and quivering in pink-nippled glory!

She gasped for air, briefly letting the burgeoning cock-tip slip from between her soft lips. A long string of saliva bridged the gap between her tongue and the mushroom-shaped cap of the guy's whang. She sucked his bone some more, then rose and whipped off her blouse and bra, stepped out

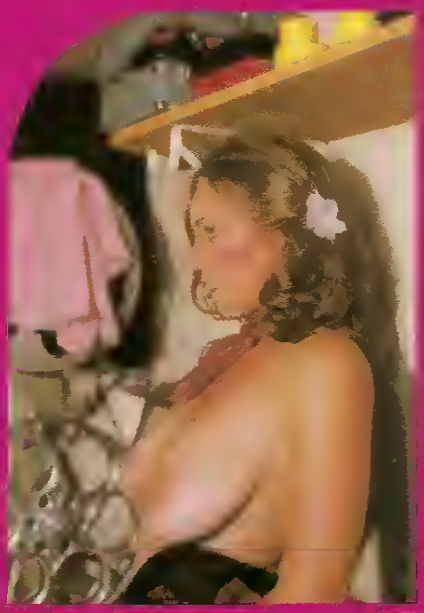
of her miniskirt.

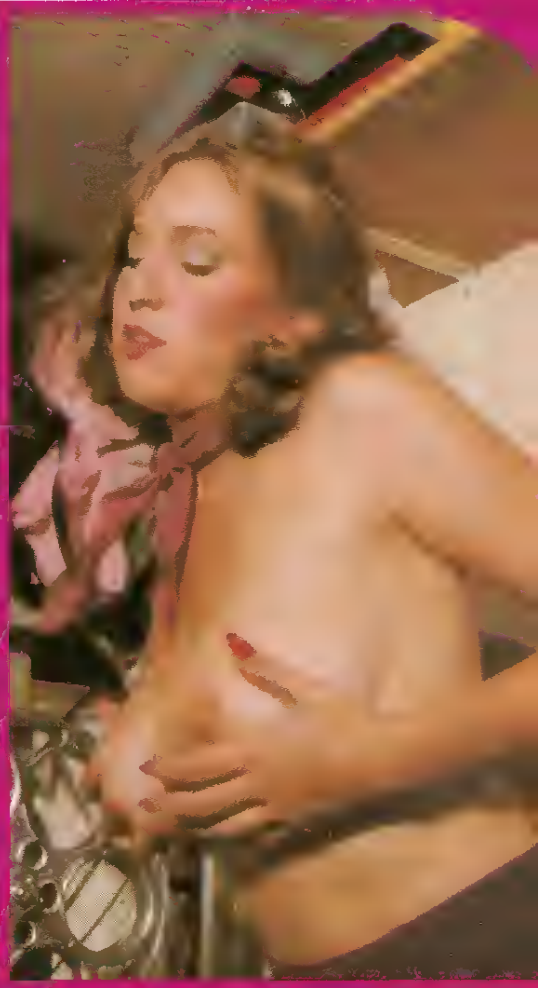
"C'mon, handsome," Annie urged. "Eat my cunt for me. Make it real wet. Then fuck me, man. Fuck me real hard!"

The projectionist was all for it. Many a time he'd been hired to screen one of

Annie's famous fuck-films, and he often dreamed of plugging that tight little cunt of hers with his thick cock. He kicked away his pants and dropped on top of her crotch, as she lay back on the floor and spread the marble-like pillars of her smooth-skinned thighs.

His tongue dug into the narrow slit of her damp pussy, exploring the deep hole, tasting the pungent fluids of her passion. **"M-m-m-m-m-m,"** the blonde moaned, as the guy lapped furiously away on her sweet young snatch.





Annie tootled his skin flute.

"Eat my cunt! Come on, suck it up!"

Then he was on her! His body slid up till he could kiss her lips and his prong could penetrate the slit of her cunt. In he shoved, burying his peter in the dank depths of that tightly clasping cunt-hole. He fucked into her again and again, banging deeply into that wonderful pussy. After enough of that powerful thrusting had the girl screaming with pleasure, he turned her onto her hands and knees on the floor of that projection room and fucked her from behind, doggie-style!

"**O-h-h-h-h-h!**" Annie groaned. "**O-h-h-h,** I love it from the rear. Fuck me, man. Harder! Fuck me as hard as you can, man! Fuck me! Fuck me! Fuck me! Harder! Harder! **H-a-a-a-rder!!!**"

The projectionist dog fucked the blonde till she came, then fell face forward on the floor. He pulled out and stood over her with his stiff hard-on wet and reddened, then asked her to blow him one more time. Annie dug the idea, struggling to her knees to hurl her mouth onto the hard pecker with wild abandon. She sucked for all she was worth, giving it every

technique in her famed repertory of cock sucking know-how

Annie sucked dick till the guy could hold back the floodgates no longer, and then he spewed his hot jism deep into her gulping gullet.

She took burst after hot burst of pearly white semen, letting it coat her tongue and fill her mouth. She gulped much of it down, but when she gasped for air a long string of the stuff drooled from her tongue-tip to her lower lip, then down to his throbbing cock-head to coat the thing with slippery cream!

She swallowed every drop, sucking the last bit right out of his piss-hole! It was a better climax than the one they missed on screen

After the passionate and impetuous fuck fest, Annie, leaned back with a satisfied sigh and the Projectionist returned to trying to repair the projector.

"Hey, guess what?" he called out after a couple of minutes . . . "It's working after all! I just forgot to release the lock mechanism!"

"Hey, that's great," said Annie. "Why don't you run the film then, and we'll just see if my movies really turn you on or if you were just kidding me."

A PIECE OF THE ACTION

Pam was new to the business, but obsessed with the idea of making it big as a Hollywood agent. She'd wangled a meeting with a movie producer named Don, and she got him on the luxurious white couch of his mansion overlooking Beverly Hills. When negotiations sputtered to a halt, she decided to take matters in hand.

"I just love a guy with a big rod," she purred, dropping her hand to his crotch and stroking the long sausage of hot flesh that snaked down his thigh. "If I can't make a movie deal with you, maybe there's **some**thing I can do."

Before Don had a chance to react, the pretty blonde slipped off the couch on her knees and drew down the zipper of the man's slacks. Reaching in, she found the stiff poker of flesh she'd been toying with through the cloth of the pants, thrilling to the touch of her fingertips on the smooth flesh. She took the cock in her fist and brought it out through the unzipped fly.

"M-m-m," Pam sighed. "It's so big and heavy. Oh, I just adore men with great big peters."

Don leaned back and stretched himself comfortably, and when Pam briefly let go of his rod it stood straight up from his lap like a trained cobra. Her lips parted sensuously and she brushed the velvet-skinned cock-tip with a heated kiss, then ovalled

her lips invitingly and took the whole plum-sized cock-head into the moist cavern of her mouth

"A-h-h-h-h-h!" Don murmured "That's marvelous, Pam **A-h-h-h.**" He stretched his body and let his eyelids sag closed

As Pam sucked cock, she massaged every inch of the guy's body that she could reach She unbuttoned his shirt and helped him off with it, then lowered his pants to the floor All the time, his pecker was in her mouth, as she grasped its throbbing shaft with her ovalling lips and slid up and back along it

"Why don't you lie on the carpet here," Pam coaxed, as she finally slid her wet lips off the saliva-soaked bone

Don smiled, as he kicked off his pants and joined her on the plush-carpeted floor He lay there on his back, as the girl quickly removed her clothes and climbed over him Don's dick stood straight up, and when the girl straddled his loins and squatted down onto him, she drove his spear right up the tight channel of her pussy!

"O-h-h-h-hhh!!!" she groaned, as she felt his cock fill her cuntal tube "Damn that's big **O-h-h-h-hhh!!!"**

Naked now, her breasts bouncing high on her chest, the blonde jugged up and down, thrusting the thick salami of cock-flesh in and out of her body She fucked away like that for a long time, till she felt the spasms of one orgasm after another rippling through her muscles

"Would you like to shove it to me?" she asked, climbing off his prone body and unplugging his cock from her cunt at long last

"Hell yes," the guy said, as he guided her onto her hands and knees on the carpet

Don whipped around behind her, sliding his prong between the jiggling globes of her fleshy behind. He watched the shapely ass wriggle provocatively, as his whang snaked underneath and nudged the slot-like opening of her cunt from the rear. She grunted once, as Don pressed his poker inward, and then she let out a long sigh of sheer ecstasy as his thick rod filled her pussy once more. Holding her by the waist as they knelt on the floor, the movie producer began to whale away into the pretty young

agent's pussy, fucking faster and faster and faster. He banged into her for all he was worth, fucking like a monster gone mad.

When she dropped at the conclusion of another climax, face forward on the floor, Don laughed and rolled her over. His pecker was still firm, swollen and bulging with passionate blood. First he spread her legs and got a whiff of her wet pussy, briefly dipping his tongue into that wet slit to taste the womanly fluids. Then he joined her on his back on the floor, asking her to finish him off with her mouth.

Pam went for it! She struggled up and covered his loins with her pretty face, filling her mouth with the pulsating pole of his urgently straining cock. She began to cock-suck him faster, riding up and down his dick with incredible speed. Her lips tightened dramatically around his dong, and the guy was groaning loudly with the approach of a come

There is an awesome silence on the set as the young actress moans and groans with an orgasm that isn't being faked. "O-h-h-h, fuck me!" she yells. "Fuck me hard, man! Harder! Harder! Harder!

Jism drooled from her gooey mouth.

"Here I go!" Don shouted "I'm going to shoot off **OH! OH! OH! O-O-O-OHHH!!!"**

When Don came to his senses, he quickly agreed to a partnership in a new film with this sensational blonde babe She didn't know much about movies **but could she ever suck cock!**

After the shooting was over Pam, the Actress decided that shooting this film was really a workout for her but she really felt that she was still sexually unsatisfied She had been doing all her fucking and sucking according to the Director's instructions Now she wanted more but she wanted it at her pace and her pleasure

The entire crew consisted of six men and two girls. Pam decided that she would do something different with each guy and she would be in complete charge of the activities. The cameraman was first He got the blow job of his life His pants were dropped to his ankles, so she had to start as his knees and work her way up By the time she reached his balls, he grabbed her by the head and pulled her forward As he jerked her forward, her mouth opened and he rammed his dick into it That was the signal for her to go to work She started to suck like it was the last cock in the world

As her mouth went to work, the next guy in the crew got behind her and after using a little spit on her anus, he rammed his dick into her ass. After a quick gasp, she started to rotate her ass in rhythm to the guy's deep thrusts By now, the rest of the guys in the crew had their cocks out and were holding them with both hands. The two girls had opened the zippers of their jeans and were fingering their pussies One of girls dropped to the floor and rolled under the Actress' ass. While not missing a stroke in her pussy, she stuck her tongue into the wet pussy of the Actress, and still got in a lick or two of the guy's balls as his dick kept pumping the ass

By now, it was orgy time for the rest of the crew Instead of the one on one sex trip she anticipated, the Actress wound up with the whole crew at the same time. The only regret of the whole scene was the Director . he never actually made it. He just couldn't get it up All he could think of was the fabulous scene that the camera missed. What a finale that would have made on film ●

NANCY'S TALENTED TONGUE

The images were flickering in soft, rosy colors across the television screen — a lipsticked mouth gliding over the hugely enlarged head of a swollen prick, a thick whang parting the flower-petal lips of a wetly clasping pussy, a tongue darting into the depths of a dewy cunt-hole — as the video cassette player fed hotly pornographic pictures to the tube.

Nancy had directed her first X-rated film, and now she was showing it to movie critic Richard Hamilton in the living room of her apartment.

He stretched his legs from the comfortable couch, eyes glued to the screen, as Nancy felt her heart pound with anxiety. Would he like her work? Would it turn him on? If Richard Hamilton wrote a good review of her film, the public might rush to see it. Sitting beside him on the couch, she stole a glance at his crotch . . . hoping to see a tell-tale sign of arousal.

Then, as the film droned on, Nancy could stand the excitement no longer. Slowly, silently, she tilted over towards the handsome young film critic, then reached for the zipper of his fly. In a trice she had the thick stalk of his pecker in her delicate hands, and then she was massaging the thing briskly.

"Getting your thing played with always improves the experience of watching a fuck-film," she said hopefully, as the guy turned bnefly towards her.

She saw him smile and turn his attention back to the TV, just as the actress on screen went down on the actor's hugely throbbing cock. Nancy was encouraged and parted her own lips, then slid them gently over the helmet-shaped dick-head she was cuddling in her hands. Soon Richard's big prong filled her mouth, and she began a steady up and down pumping motion.

The producer of this X-rated flick figures that the young actress and Richard Hamilton will make an explosive duo, and he knows he's right when she wolfs down his hard prick.

She could hear him breathing more heavily, feel the bone in her mouth grow still longer and bigger around. Nancy kept one eye on the screen, and when she saw her sex film epic come to an end, she glided upward with her ovalling lips and popped them off the tip of the pulsating rod. Nancy wasn't through yet. In fact, she'd just gotten started convincing Hamilton that she was a serious talent in the porno trade.

e a film critic?

She reached behind her and unzipped her dress, then lowered it over the full breasts jiggling in her bra cups. She gave a seductive wiggle as she stood up before the wide-eyed young man, then stretched the dress over her flaring hips and dropped it to the floor.

Richard's hands shot out, cradling her bra-clad tits, and then he eased down the cloth cups till her smooth round mammaries rolled free of their restraint. He was like a wild man now, kissing and caressing her naked breasts, then getting her over onto her back along the couch to part her

"O-h-h-h-h-h, that's it," Nancy moaned. "That's the way, Richard Suck it Suck my cunt **"O-h-h-h-hhh!!!"**

He brought his lips from her overheated twat to remove her bra and turned her to a kneeling position. Then he climbed over her, sliding his dick into her cunt from the rear He fucked her like that till she came, and then he practically begged her for more cock-sucking.

Nancy knew she'd made a friend of this powerful film critic, and she was more than glad to oblige. As he sat back on the couch, she bent over his lap and filled her mouth with his hard slab of manly meat. She pursed her lips tightly and rode his rod up and down, till spurts of hot come shot from the tip of his dick and hit the roof of her mouth! Nancy kept on sucking, swallowing down most of the guy's sticky jism, till some of it leaked from the corner of her mouth to dribble down to her hand as it gripped the pulsing pecker.

When she was through, she was sure she had it made a as fuck-film director. What critic in his right mind would ever give **her** a bad review?!

When Nancy, the Actress finished the last scene, she flopped down on the bed to relax. She started to think about the parts that she played in all those flicks. It was always the same part, except for different cocks and different cunts. The story line was always the same. She was a girl who was always being taken advantage of and used by everyone. As she let her mind revel in her little fantasy, her finger started to move a little faster but it wasn't quite enough. She put in another finger and then another, until she had all five fingers in her hot, wet pussy. She kept pumping and pumping until she felt herself reaching that one great orgasm.
